Hi Sergey
Thx. That's really Good.
I'll appreciate it if you just set with both offices a time and hour for the meetings and let me know once it's approved.
I'll be there on 17th night and stay to the end of the SPIEF.
Keep watching for details on special events for VIPs.
Best

I'm glad to send you the invitation from the Deputy Prime Minister of the Russian Federation to participate in the Forum as a panelist in 2 sessions:

1) UNLOCKING THE POTENTIAL GROWTH OF THE KNOWLEDGE ECONOMY

2) BUILDING EFFECTIVE CYBER SECURITY SYSTEMS

If you are interested in other sessions please let me know. I'll be happy to answer all questions you have and provide you with more information.

Your meeting with Sergey Lavrov is confirmed. Should his office contact yours to arrange the details? Or should I give you their contacts?

We're currently working on confirming other meetings and I'll revert asap.

There won't be a traditional reception by the Governor of St. Petersburg this year. But our official partners are planning their own receptions and events for guests and participants. It'll take about a week to finalize the details. I'll send you the list so you'd be able to choose interesting events for you.

Please inform us about your decision at the earliest. It'll help us organize your performances on the best level.

Thank you in advance!

Best regards,

Sergey Belyakov

Dear Sergey
Thanks for the invitation.
I'm planning to come.

I'm highly interested in meeting # 4,6,7, on the list. And also anyone of the others that you think is worth meeting.
Beyond, I remember from the previous Forums that there are certain events, some of them of social entertainment nature, and reception for high level guests, where only a selected group were invited.
I would like to participate as well. As was the case last time.
(Arranged by Yuri Ushakov's office at the time).
Thx. Looking for your response.
Best
Ehud Barak
